WHAT'S NEW cont...

WINE GARDEN NOW OPEN

Lithia Springs Resort

On June 1, Lithia Springs Resort in Ashland, a wellness destination, opened its Applegate Valley-Inspired Wine Garden. The new tasting room offers wines from Cowhorn Vineyard & Garden, Quady North Winery, and Troon Vineyard. The venue is available to resort guests, as well as the general public. The Wine Garden menu includes wines by the glass, flights and bottles, and artisan cheese and charcuterie boards.

“Our Wine Garden is about more than enjoying sustainably grown local wines,” says Becky Neuman, owner of—and creative director for—Lithia Springs Resort. “Our property’s mission is to preserve nature and share its abundance with our guests, and this new offering will certainly be an experience of true relaxation.” The wineries involved with the wine garden focus on organic practices on their farms, and winemaking practices that emphasize minimum intervention in the process. Additionally, Cowhorn Vineyard & Garden and Troon Vineyard practice Biodynamic® farming.

Wine Garden guests will have access to the property’s more than four acres of lush gardens featuring a Garden Courtyard, Aspen Meadow, fountains, gazebo, koi pond, pergolas with grapes, wisteria and trumpet vines. Visitors will also have the opportunity to indulge in complimentary Lithia Springs mineral drinking water, known to help the body heal, relieve stress and rejuvenate.

The new Wine Garden will be open Thursday through Sunday from 2 p.m. to 8 p.m.

Lithia Springs Resort, named for the curative springs found deep beneath the property, is home to 38 accommodations. The resort offers an outdoor saline swimming pool (seasonal), Jacuzzi and cozy spaces, a koi pond, gazebo, Tea Room, Library and two lobby fireplaces, breakfast buffet and the Waterstone Spa.
